SUPPLEMENTAL RESPONSE UNDER 37 C.F.R. § 1.111

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants filed an unexecuted Declaration of Dr. Stephen Andrew Coates, together with Appendices 1, 2, and 3, Under 37 C.F.R. § 1.132 with the Amendment Under 37 C.F.R. § 1.111 which Applicants filed on July 14, 2003 in connection with the above-identified patent application. Submitted herewith is the Declaration of Dr. Stephen Andrew Coates Under 37 C.F.R. § 1.132 executed by Dr. Stephen Andrew Coates on July 28, 2003.

Applicants have corrected three inadvertent typographical errors at the request of Dr. Stephen Andrew Coates. The errors at page 3, paragraph 8 of the Declaration consist of an additional zero following the storage temperatures listed as "40 °C for 6 weeks, 40 °C for 12 weeks, 60 °C for 12 weeks, and 100 °C for 12 weeks." The errors were caused by a computer conversion of the document wherein degrees were replaced with zeros, resulting in storage temperatures that, to the skilled artisan, would obviously have been far too high for these periods of time. Thus, the corrected executed Declaration submitted herewith recites "4 °C for 6 weeks, 4 °C for 12 weeks, 6 °C for 12 weeks, and 10 °C for 12 weeks."

CERTIFICATION OF FACSIMILE TRANSMISSION

I hereby certify that this paper is being filed with the United States Patent and Trademark Office by facsimile transmission on August 20, 2003 to facsimile telephone number (703) 746-5060.

Respectfully submitted,

Date: August 20, 2003
